Why choose Property Protector?

At Property Protector, **we go beyond standard cover.**

We offer a wide range of **dedicated insurance products**, specifically designed to suit your unique requirements.

With an in-house team of dedicated underwriters, we work hard to provide property owners with **competitively priced premiums.**

Innovative

We rarely stand still when it comes to new products. We regularly review providers and features to better protect your clients' property.

Quality

We are committed to offering an extremely high standard of service, putting the clients' individual needs first.

Diverse

Supported by a panel of the UK's leading insurers, we offer a diverse portfolio of Property Owner's Insurance to policyholders across the UK.

Service

Fast turnaround of quotations from our experienced underwriters, which extends to the mid-term adjustments and renewals.

"We have worked closely with the team at Property Protector for many years now, and without fail always find their service, knowledge, and support to be of an excellent standard. Attributes that are of course sadly lacking with many providers/insurers in modern times! We would highly recommend that anyone who has not given them a try does so."
